November 1, 2018 | Mount Horeb Middle School | 900 E Garfield Street, Mount Horeb, WI 53572

Small Victories: Team Up Special Dietary Needs

About Small Victories

Small Victories started out as a training program to meet the unique needs of nutrition professionals working in small schools. It has evolved since its inception to include any school that would like to attend; including administrative staff, nutrition directors, school managers, and line staff. Training sessions will be held in a fun, informal atmosphere with an emphasis on networking and group activities. The cost is free and the only requirement is a positive attitude and a desire to create Small Victories in your school nutrition program.

Agenda

3:45 – 4PM: Registration, Networking and Welcome
4:00 – 4:45PM: Presentation
4:45- 5PM: Group Activity
5:00 – 6:30PM: Break/Hands on Learning
6:30 – 7PM: Meal and Networking

Team Up – Special Dietary Needs

Developed by The Institute for Child Nutrition (ICN), for USDA, the Team Up training model utilizes a peer-to-peer approach to problem solve and develop goals and action plans that FSDs will be able to take back to their school nutrition programs. This workshop will incorporate the team up model to assist school nutrition directors in developing a plan of action for creating a policy in their schools to address special dietary requests. Other staff are also encouraged to attend as they will work with DPI trainers to understand their role in managing special diets in the cafeteria.

Thank you to our hosts!

Mary Karrmann, Dianne Richardson, Doreen Miller, Tina Halverson,
Karen Fochs, Michelle Updike, Michelle Denk
